

”When you want
to spare your efforts”

ROPOX SHOWER SEAT

ALLOWS YOU TO SIT DOWN IN THE SHOWER

A shower seat enables you to sit safely and comfortably while showering.

The seat is foldable, therefore it takes up very little space when it is not in use. It has a very soft padding and is made in a hard-wearing, insulating material which does not feel cold on the skin.

The seat has a large surface area and a solid grabbing edge so that you can have a comfortable rest in safe surroundings.

You can easily adjust the seat's height to meet individual needs, and if you would like more support, you can choose a backrest to lean on either with or without arm supports.
